

# Stay with You

John Legend

1. We've been together for a while now  
We're growing stronger everyday now  
It feels so good and there's no doubt  
I will stay with you

2. As each morning brings sunrise  
And the flowers bloom in spring time  
All my love you can rely  
And I'll stay with you

R: Oh I'll stay with you through the ups and the downs  
Oh I'll stay with you when no one else is around  
And when the dark clouds arrive  
I will stay by your side  
I know we'll be alright  
I will stay with you

3. Though relationships can get old  
They had a tendency to grow cold  
We have something like miracle  
Yeah, I'll stay with you

R: Oh I'll stay...

And there will be heartaches and pains, yes it will  
But through it all, we will remain  
In this life, we all know  
Friends may come, and they may go  
But through the years I know  
I will stay

4. And in the end I know that we'll find  
Love so beautiful and divine  
We'll be lovers for the lifetime, yeah  
And I'll stay with you

R: Oh I'll stay...

Everything will be fine  
And I will stay with you  
Through the end of time  
I will stay with you
