

# Where Did My Baby Go

John Legend

Where did my baby go?  
I wonder where she ran off to  
I miss my baby so  
I'm calling but I can't get through  
Please tell that girl if you meet her  
That someone's longing to see her  
Where did my baby go?  
I wish that she would get back soon (get back soon)

I'm searching for the lover I knew  
Have you seen her?  
Where did she go?  
Feels like I've just lost my only friend  
Flames subsided, colors faded  
Love just got so complicated  
Wish that I could see her smile again  
So if you see her out there, tell her I'm still here  
Waiting for the day when she will reappear

Where did my baby go?  
I wonder where she ran off to  
I miss my baby so  
I'm calling but I can't get through  
Please tell that girl if you meet her  
That someone's longing to see her  
Where did my baby go?  
I wish that she would get back soon (get back soon)

Maybe I was wrong and I  
Ignored her for too long and I  
Didn't even notice when she slipped away  
Maybe while I lay fast asleep then  
Out into the night she creeps  
I'll leave the light on, so she'll come back someday  
So if you see her out there, tell her it's not fair  
That life's just not the same when she's not here

Where did my baby go?  
I wonder where she ran off to  
I miss my baby so  
Just what am I supposed to do?  
Please tell that girl if you meet her  
That someone's longing to see her  
Where did my baby go?  
I wish that she would get back soon (get back soon)
