Say you're looking for a place to go Where nobody knows your name You're looking for oblivion With one
Eye on the Hall of Fame

I don't want to face it oh no
I don't want to face it no no no
Well I can dish it out
But I just can't take it

Say you're looking for some peace and love Leader of a big old band You want to save humanity But it's people that you just can't stand

I don't want to face it oh no
I don't want to face it no no no no
Well I can sing for my supper
But I just can't make it

Well now you're lookin' for a world of truth Trying to find a better way The time has come to see yourself You always look the other way

I don't want to face it oh no
I don't want to face it no no no no
Well I can see the promised land
And I know I can make it!

I don't want to face it I know I don't want to face it oh no I don't want to face it oh no I don't want to face it

I don't want to face it

I just can't face it no more Every time I look in the mirror I don't see anybody there
