

# Listen the Snow Is Falling

John Lennon

Listen, the snow is falling over town  
Listen, the snow is falling everywhere  
Between Empire State building  
And between Trafalgar Square

Listen, the snow is falling over town

Listen, the snow is falling over town  
Listen, the snow is falling everywhere  
Between your bed and mine  
Between your head and my mind

Listen, the snow is falling over town

Between Tokyo and Paris  
Between London and Dallas  
Between your God and mine  
Listen, the snow is falling everywhere

Snow, dream  
Snowfall  
Snow, fly  
Listen  
Listen
