Listen the Snow Is Falling

John Lennon

Listen, the snow is falling over town Listen, the snow is falling everywhere Between Empire State building And between Trafalgar Square

Listen, the snow is falling over town

Listen, the snow is falling over town Listen, the snow is falling everywhere Between your bed and mine Between your head and my mind

Listen, the snow is falling over town

Between Tokyo and Paris Between London and Dallas Between your God and mine Listen, the snow is falling everywhere

Snow, dream Snowfall Snow, fly Listen Listen
