

Rock And Roll People

John Lennon

Rock and roll people
Born to be the news
Yeah, rock and roll people (tacet)
I just couldn't change it if I'd choose to

Don't tell me where your head is, man
You know it won't be missed
Don't play the Virgin Mary
We all know she's been kissed

Rock and roll people
Born to be the news
Yeah, rock and roll people
I just couldn't change it if I'd choose to

My father was a mother
My mother was a son
Don't play the Mona Lisa
We've all been twenty-one

Rock and roll people
Born to be the news
Yeah, rock and roll people
I just couldn't change it if I'd choose to

Don't ask me 'bout the time of day
Or how much space I need
Don't feed me dog for dinner
We all know you get green

Rock and roll people
Born to be the news
Yeah, rock and roll people
I just couldn't change it if I'd choose to

Sweet, sweet rock and roll
Sweet, sweet rock and roll
Sweet, sweet rock and roll
Sweet, sweet rock and roll
Sweet, sweet rock and roll
Sweet, sweet rock and roll
Sweet, sweet rock and roll
Sweet, sweet rock and roll
Rock and roll
