

## Well (Baby Please Don't Go)

John Lennon

Two, three, four

You know I love you, baby, please don't go, well, well  
Know I love you, baby, please don't go, well, well  
You know I love you, honey child  
There's nothing that I wouldn't do for you right now  
You know I love you, baby, please don't go, well

Know I need you, baby, please don't go  
You know I love you, baby, please don't go, well  
You know I love you, honey child  
Nothing that I wouldn't do for you right now  
Know I love you, baby, please don't go, well

You know I want you, baby, please don't go, well, well  
Know I want you, baby, please don't go  
You know I love you, honey child  
There's nothing that I wouldn't do for you right now  
You know I want, baby, please don't go, well

You know I love you, baby, please don't go, well  
You know I love you, baby, please don't go  
You know I love you, honey child  
Nothing that I wouldn't do for you right now  
I know I love you, baby, please don't go, well, hey
