

Another Way

John Lydon

I, I've got to find another way
I, I've got to find another way
Put it down to no one else
Yes, I, I've got to find another way

One upmanship is a game you play
Competition is a game you say
Well, rules and rules and rules are for fools
This gravy train led by mules

Get that old stuff out of my head
A chip on the shoulder, feels like lead
And everyone has their say
But I, but I, I gotta find another way
