

## Another Way

John Lydon

I, I've got to find another way  
I, I've got to find another way  
Put it down to no one else  
Yes, I, I've got to find another way

One upmanship is a game you play  
Competition is a game you say  
Well, rules and rules and rules are for fools  
This gravy train led by mules

Get that old stuff out of my head  
A chip on the shoulder, feels like lead  
And everyone has their say  
But I, but I, I gotta find another way
