

# Rise

John Lydon

I could be wrong  
I could be right  
I could be wrong  
I could be wrong  
I could be right  
I could be black  
I could be white  
I could be right  
I could be wrong  
I could be white  
I could be black  
Your time has come  
Your second skin  
The cost so high  
The gain so low  
Walk through the valley  
The written word is a lie  
May the road rise with you  
May the road rise with you  
May the road rise with you  
I could be wrong  
I could be right  
I could be wrong  
I could be right  
I could be wrong  
I could be right  
I could be right  
I could be right  
I could be black  
I could be white  
I could be right  
I could be wrong  
I could be black  
I could be white  
They put a hot wire to my head  
'cause of the things I did and said  
They made these feelings go away  
Model citizen in every way  
May the road rise with you  
May the road rise with you  
May the road rise with you  
Anger is an energy  
Anger is an energy  
Anger is an energy  
May the road rise with you  
May the road rise with you  
May the road rise with you  
Anger is an energy  
Anger is an energy  
Anger is an energy  
I could be wrong  
I could be right  
I could be wrong  
I could be right  
I could be wrong  
I could be right  
I could be black

I could be white  
I could be right  
I could be wrong  
I could be black  
I could be white  
Your time has come your second skin  
Cost so high the gain so low  
Walk through the valley  
The written word is a lie  
May the road rise with you  
May the road rise with you  
May the road rise with you  
I could be wrong  
I could be right  
I could be wrong  
They put a hot wire to my head  
'cause of the things I did and said  
They made these feelings go away  
A model citizen in every way  
Your time has come your second skin  
Cost so high the gain so low  
May the road rise with you  
May the road rise with you  
May the road rise with you  
Anger is an energy  
Anger is an energy  
Anger is an energy  
Anger is an energy  
Anger is an energy (repeat)
