Call Me Crazy

John Martyn

Call me crazy, call me sad Call me lazy, call me bad But you move me, move me I'm moving on Cos you move me, move me, moving on.

What could be sweeter than love? What could be sweeter than you and me

Love you gentle, love you strong Ain't no way our loving can be wrong Cos you move me, move me You move me on You got me moving, you got me moving, moving on.

What could be sweeter than love? What could be sweeter than you and me

Sing about loving, doing it too You know I can't do it all until I do it with you Cos you move, move me, move me You move me on Move me on.

What could be sweeter than love? What could be sweeter than you and me.

Call me crazy, call me sad Call me lazy, then call me bad You move me, move me, move me Move me on You move me, move me, move me on.

What could be sweeter than love? What could be sweeter than you and me.
