# Can't Turn Back The Years

**John Martyn**

Never gonna give it up never gonnna it up never never

I could have given you everything you need
I cannot turn back the years
A perfect love was what you wanted from me
But I cannot turn back the years

It's important to be strong, carry on
You've got to go forward no matter what they think
When you find your heart in pieces one thing you can do
And it's love deep down
Got a love deep down

It's too bad I love you
It's too bad for me
It's too bad I love you
It's too bad for me

Sometimes it hits me in the morning
Sometimes it hits me in the middle of the day
Turn back the covers and I throw back the light
But I cannot turn back the years

It's important to be strong, carry one
You've got to be full no matter what they think
When you find yourself in pieces only one thing to do
Let loose deep down, love deep down

It's too bad I loved you
It's too bad for me
It's too bad I loved you
Too bad for me

I could have given you everything you needed
But I cannot turn back the years
A perfect love was what you wanted from me
But I cannot turn back the years

Never gonna give it up never gonnna it up never never
Oh no never gonna give it up
