

Go Easy

John Martyn

Looking at me you never find out what a working man's about
Raving all night, sleeping away the day
Something to ask
Something to say
Something to keep the pain away
Something I'd like to see if it's alright.

Life, go easy on me
Love, don't pass me by.

Spending my time, making it shine, gotta throw away the rest
Look at the ways to vent and amaze my mind
Something I need
Something I plead for
Something I have to say
Something to keep me safe while I'm away.

Life, go easy on me
Love, don't pass me by
Life, go easy on me
Love, don't pass me by.

One way for me, one way for you, one way for all of us
To get back home, do whatever we want to do
Nothing to tell you
Nothing to show
Nothing that you don't know
Something to play
Something to say for now.

Life, go easy on me
Love, don't pass me by
Life, go easy on me
Love, don't pass me by
Love, don't pass me by
Love, don't pass me by
Love, don't pass me by.
