

## Sugar Lump

John Martyn

Get down, mama, to my sugar cube  
Get down mama, won't you try to make it move  
My sugar cube, my sugar cube  
Come on, mama, try to lose your mind  
Get down, spent some time on my sugar cube.

Gonna sweeten your night  
And gonna sweeten your day  
So much sweeter, you're just going to be amazed  
At my sugar cube, my sugar cube  
Get down, mama, won't you lose your mind  
Won't you please get down  
And try to lose your mind, on my sugar cube.

I don't wish civil shit  
I don't care to boast  
You know that love is from coast to coast  
My sugar cube, my little sugar cube  
Come on, mama, won't you lose your mind  
Get down and waste some time on my sugar cube.

Get down, mama, on my sugar cube  
Please get down, won't you try to make it move  
My sugar cube, my sugar cube  
Come on, mama, won't you lose your mind  
Won't you please get down and try to spend some time  
On my sugar cube.
