

# The Cure

John Martyn

You know the cure a broken heart  
You know the cure.

If I come a little strong, tell me when I'm wrong  
Guide me, tell me what to do  
Come a little fast, please help this love to last  
Pity me and take me home with you.

Love is cruel, love is kind, love is never never blind  
Love is honest, love is beautiful and blue  
Love is always safe and sound, love will always fool around  
There's not a single thing that you can do.

Don't you know that love is the only cure for your broken heart  
Telling you that love is the only cure for your broken heart.

I've been too long on my own  
Can't stand to live alone  
I've got you in my blood and in my every move  
And though I've got it left in, the man in me forgets  
What can happen when you're falling out of love.

Love is cruel, love is kind, love is never never blind  
Love is honest, love is beautiful and true  
Love is always safe and sound, love will always fool around  
There's not a single thing for you to do.

To know that love is the only cure for your broken heart  
You know that love is the only cure for your broken heart.

Love is cruel, love is kind, love is never never blind  
Love is honest, love is beautiful and blue  
Love is always safe and sound, love will always fool around  
There's not a single thing for you to do.

Don't you know that love is the only cure for your broken heart
