

# Hey Moon

John Maus

I know it's been so long since we saw each other last I'm sure  
we'll find some way to make the time pass

Hey moon It's just you and me tonight Everyone else is asleep H  
ey moon If I was to fall I would fall so deep

Though I doubt I'm gonna, You can wake me up if you wanna

And your pale, round face makes me feel at home in any place I  
would happen to be At a quarter past three

The moon chased the sun out of the sky Goodbye sun the night's  
begun

The moon chased the sun out of the sky Goodbye sunshine the nig  
ht is mine

Hey moon It's just you and me tonight everyone else is asleep H  
ey moon If I was to fall I would fall so deep

Though I doubt I'm gonna, You can wake me up if you wanna

I would hate for you to hang there alone The whole night throug  
h

Hey moon My old friend Hey moon The night is coming to and end  
Hey moon Come back soon
