

Just Wait Til Next Year

John Maus

oh oh i had a dream last night and you were in it,
oh oh i feel so stupid when you are around,
oh oh i long for you i long for you i hate you,
oh oh i think i'll put a bullet in my head,

and i'll put a bullet up for you,
s'all the time I'm wondering if I see you,
and I'll burn and burn it up for you,
cos you've got that,

oh oh i'd cut off all my fingers just to touch you,
oh oh you stupid bitch you mutilate my soul,
oh oh i want to put my fingers deep inside you,
oh oh I wonder if you're thinking of me now,

you've got that,

It doesn't make any sense,
and it doesn't adhere to the reason at all,

oh oh i had a dream last night and you were in it,
oh oh i feel so stupid when you are around,
oh oh i long for you i long for you i hate you,
oh oh i think i'll put a bullet in my head,
oh oh i'd cut off all my fingers just to touch you,
oh oh you stupid bitch you mutilate my soul,
oh oh i want to put my fingers deep inside you,
oh oh I wonder if you're thinking of me now.
