

Chicago Line

John Mayall

Looking for my baby coming down the track
Ain't so sure she'll be coming back
Down at the station where she said goodbye
She left me crazy and I don't know why

Chicago line
Chicago line
Chicago line
Chicago line

Checking on ... times every day
... since she went away
She got another mule kicking in the stall
The woman done drove me right up the wall

Chicago line
Chicago line
Chicago line
Chicago line

I think about the girl when the whistle blow
Remembering the fun we had long ago
... Chicago line
Her flesh frowns up down the spine

Chicago line
Chicago line
Chicago line
Chicago line

Chicago line
Chicago line
Chicago line
Chicago line
