

## Deep Blue Sea

**John Mayall**

My loving woman and me lying in the sand  
We're on a holiday out  
in a foreign land Sunny day  
We can play Lazing by the deep blue  
sea Happy now that we are free  
This is how it ought to be  
We are on our own  
Go underwater and see another world of green  
Fishes go by and I get to wondering where they've been  
Sunny day  
We can play Lazing by the deep blue sea  
Happy now that we are free  
This is how it ought to be  
We are on our own  
Take out a boat  
and paddle it around the bay  
Pressures from the world seem to  
fade away  
Sunny day  
We can play Sailing on the deep blue sea  
Happy now that we are free  
This is how it ought to be  
We are on our own
