Have You Heard

John Mayall

Have you heard about my baby? Yes, how I love her, you don't know Have you heard about my baby? How I love, how I love her, you don't know I declare it hurt me so bad Yes, when I heard she'd got to go

Have you heard about my baby? Yes I tried, yes I tried, but I let her down Heard about my baby? Ooh yes, I tried and I let her down Ooh, she burned me with her love Yes, no other, no other will wear her crown

Yes, indeed

Have you heard about my baby? Where she gone, where she gone, I just don't know Yes, have you heard about my baby? Ooh, where she gone, where she gone, I just don't know Well, if you should see my baby Yes, please tell her that I love her so

Yes, no more next time
