

My Baby Is Sweeter

John Mayall

Your baby ain't sweet like mine
She do the right thing every time
She needs me
She please me
All day long she hug and she leads me

Your baby ain't sweet like mine
She really love me all the time
She clothes me
She boards me
All day long she kiss and she hug me
Your baby ain't sweet like mine

Your baby ain't sweet like mine
She makes me feel so good and kind
When I'm lonesome,
when I'm blue,
my baby knows just what to do

Your baby ain't, your baby ain't sweet like mine
She do the right thing, do the right thing all the time
