

## Kid A

John Mayer

I slipped away  
I slipped on a little white lie

We've got heads on sticks  
You've got ventriloquists  
We've got heads on sticks  
You've got ventriloquists

Standing in the shadows at the end of my bed  
Standing in the shadows at the end of my bed  
Standing in the shadows at the end of my bed  
Standing in the shadows at the end of my bed

Rats and children follow me out of town  
Rats and children follow me out of their homes  
Come on kids...
