

Kid A

John Mayer

I slipped away
I slipped on a little white lie

We've got heads on sticks
You've got ventriloquists
We've got heads on sticks
You've got ventriloquists

Standing in the shadows at the end of my bed
Standing in the shadows at the end of my bed
Standing in the shadows at the end of my bed
Standing in the shadows at the end of my bed

Rats and children follow me out of town
Rats and children follow me out of their homes
Come on kids...
