

Not Myself

John Mayer

Suppose I said I am on my best behaviour
and there are times
I lose my worried mind?

Would you want me when I'm not myself?
Wait it out while I am someone else

Suppose I said colors change for no good reason
And words will go from poetry to prose?

Would you want me when I'm not my self?
Wait it out while I am some one else

And I in time
Will come around
I always do
For you

Suppose I said you're
my saving grace
My grace... would you want me
When I'm not myself...
not myself when I'm someone
when I'm someone else
When I'm some - one else
when I'm not myself

Wait it out while I am someone else
Wait it out while I am someone else....
