

Guilty 'till proven innocent.
I'm thinking about the government
Wondering where the money went.
Into outer space, I guess.
Lying cs's everywhere.
Pretty boys in their underwear.
Statue of Liberty.
Who really cares
About freedom.

Singin' about l-u-v baby, luv

Throw up, throw down.
Get yourself a better town.
All these towns look the same
Self pity, number one recreation.
We're dying in the USA.
Preacher man, he keeps
Preachin'
While he covets your wife.
I ain't sayin' what's good
I ain't sayin' what's right.

Wait a minute, let me check my tan.
Am I the same color as Superman?
Helter skelter in a foreign land.
Monkeys versus dogs,
Lying under a big palm tree
With cream and bananas all over me.
That's the way it's supposed to be
Here in the Garden of Eden.
