

## Love at First Sight

John Mellencamp

Let's suppose you lived over here  
Let's suppose I lived right over there  
Let's suppose we shared a kiss  
On a night like this  
Let's suppose we went too far  
In the back seat of your car  
Let's suppose we fell in love  
Like two turtle doves  
And let's suppose we got engaged  
Underneath that ol' Milky Way  
And let's suppose we were complete  
Wouldn't that be sweet  
And let's suppose we found happiness  
And built ourselves a nest  
Let's supposed we had five kids  
Like our grandparents did  
And let's suppose our dreams came true  
Just like they're supposed to do  
And let's suppose we spent the rest of our lives together

But let's suppose sometimes we'd fight  
When things weren't going right  
Let's suppose you got tired of me  
And our family  
And let's suppose that we went broke  
And we both just gave up hope  
And let's suppose you left in a huff  
Because you didn't love me enough  
And let's supposed you found another man  
And hit me in the head with a frying pan  
And let's suppose I wound up dead  
Underneath the bed  
And what would happen to the kids  
After all that we did  
Let's suppose we both better just think it over

So I suppose it's just hello  
And that it's time for us to go  
We got a little ahead of ourselves  
Like everybody else  
Maybe some other time  
I suppose that'd be just fine  
So until we meet again  
I suppose we're just friends  
But remember what they say  
'Cause it happens every day  
I believe in love at first sight  
So there, I said it  
Good night
