

I Love It All

John Michael Montgomery

Another night on this interstate
Seems like I've been on it everyday for years now
Does it ever end
On my way to another show
Where I'll end up, I don't even know where I'm going
Or where I've been

Don't know why, don't know how
But I keep comin' back for more
It's my life, there's no doubt
Guess I'll never know for sure
But when I stand on that stage, and the curtain falls
I love it all

It's getting late, I think I'll lay it down
Then I'll wake up in some other town and I'll wander
To my hotel room
I'll walk around just a-wastin' time
Lookin' for a little peace of mind I bet I'll find it
On an ole barstool

Don't know why, don't know how
But I keep comin' back for more
It's my life, there's no doubt
Guess I'll never know for sure
But when I stand on that stage, and the curtain falls
I love it all

Don't know why, don't know how
But I keep comin' back for more
It's my life, there's no doubt
Guess I'll never know for sure
But when I stand on that stage and the curtain falls
And the crowd wants to stay for one more song
I love it all

Another night on this interstate
Seems like I've been on it everyday for years now
I hope it never ends
