

Don't Lie To Me

John Miles

I was wrong, they were right
They said you cheated on me last night
You know I didn't believe it till I saw it in your eyes
I could tell, I could see
That you were trying to make a fool out of me
You know I never ever thought that you would ever tell me lies

I don't believe you and the things that you say
A little bit of truth goes a long long way
I really need some honesty tonight
I love you, honey, but it just ain't right

Don't you lie to me
Don't tell me stories that my heart just won't believe
Baby, don't lie to me
I'm sick and tired of this whole situation
Baby, don't you lie to me

Now look here, and beware
'Cause you can't believe that you don't care
I'm just looking for a lover who'll return some love to me
Look at me, and be straight
You see I haven't got the time to wait
Till you get yourself together and decide just what you mean

Why don't you tell me how you really feel?
A little bit of time and the wounds will heal
I really need some honesty tonight
I love you, honey, but this just ain't right

I don't believe you and the things that you say
A little bit of truth goes a long long way
I really need some honesty tonight
I love you, honey, but it just ain't right

Oh, oh, baby, don't you lie
Oh, oh, baby, don't you lie
Oh, oh, baby, don't you lie to me
