

Never Give It Up

John Newman

I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up
Cause you, oh, you never give it up
Cause you, oh, you never give it up
I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up (oh because)
Cause you, oh, you never give it up
