

Killer On The Sheets

John Parr

When I left a dirty message on your answer machine
Left a call sign in the middle, so you'd know it was me
I got your number, from a rock and roll band
They said you'd turn this old boy into man

Im drivin the wheels on fire, headin to your place
Ooh baby my guns for hire, no time to waste

Killer killer killer on the sheets, shes so pretty, got no pity
(Shell knock you off your feet)
Killer killer killer on the sheets, shes so fine, her legs divine
(Heaven dont come cheap)

Caught a strange reflection on your mirror in the sky
It was the cutest little tattoo on your thigh
I tried to read it, that dirty little rhyme
So I altered my position, it read, kiss your ass goodbye

Im learnin the perfect crime, a little every day
Emergency 999, theres no escape

Killer killer killer on the sheets, shes so naughty, loud and bawdy
(The lady loves to tease)
Killer killer killer on the sheets, shes so wild, the devils child
(Beautys just skin deep)

You got me, Im in your sights, your sexual sacrifice

Killer killer killer on the sheets, shes so pretty, got no pity
(Shell knock you off your feet)
Killer killer killer on the sheets, shes so fine, the devils child
(Heaven dont come cheap)
Shes so fine, the devils child, knocks me off my feet

Killer killer killer on the sheets, killer killer killer on the sheets
Shes so naughty, loud and bawdy (shell blow you off your feet)
Killer killer killer on the sheets, shes so wild, she drives you wild...
