

I Don't Wanna Lose Your Love

John Rich

Baby I can tell there's something that you're wanting to say.
And I'm so afraid of where this is going.
I know life ain't easy when you're living with a man like me.
It's just got to be some kind of heartache.

[Chorus]

I don't wanna lose your love.
I don't wanna say goodbye.
I don't wanna let you do, don't wanna be alone
With tears in my eyes.
Got to be an answer baby.
Something I can say to change your mind.
I don't wanna lose your love.
I don't wanna lose your love tonight.

I've got no right to ask you for another chance.
But please understand I'm nothing without you.
Life just wouldn't mean anything to me.
If you ever leave, you'd leave me dying.

[Chorus]

I won't let this die. I'll stand up and fight for our love.
I won't let go, baby you know-
I still believe in us.

[Chorus]
