

# Never Gonna Fall in Love Again

John Travolta

No use pretendin' things can still be right  
There's really nothin' more to say  
I'll get along without your kiss goodnight  
Just close the door and walk away

Never gonna fall in love again  
I don't wanna start with someone new  
'Cause I couldn't bear to see it end  
Just like me and you  
No, I never wanna feel the pain  
Of rememberin' how it used to be  
Never gonna fall in love again  
Just like you and me

At first we thought that love was here to stay  
The summer made it seem so right  
But like the sun we watched it fade away  
From morning into lonely night
