

# Time Travel Is Lonely

John Vanderslice

Hold on keep it together  
Hold on  
No one, no one has ever  
Made it so far in time  
No one x5  
Not no one  
Knows what happens next

Because time travel is lonely  
Lonely

Listen, wear your headphones  
And I'll whisper you the code  
Of a helper application  
That you can download  
It's called Remember  
Casue no one  
No one x4  
Knows what happens next

Because time travel is lonely  
Lonely
