Act of Love

John Waite

Sometimes I wake up And I watch you sleep And in the darkness I wonder if I'm in too deep

Help-what if it's true
I say the wrong things
'Cause I'm just a jealous guy
And I hurt you sometimes

I make you cry Oh I'm so sorry You and I fit together hand and glove What we've got is an act of love

That's all There are good times And bad times too You're always there for me

No matter what I do Don't ever turn away You're everything I know You're all I want to see

Feel like a king When you're standing next to me And if we disagree don't forget You and I fit together hand and glove

What we've got is an act of love Here we go My love's gigantic as the weather Our luck can come and go

But as long as we're together I'm never never gonna wave goodbye I light a fire And I lock the doors

I look into your eyes And I see what I'm looking for Though sometimes I'm so unsure You could say I'm out of control

Don't you know what this feels like What I do-I do everything for you When I look I look to you For an act of love

It's all I feel inside Is just an act of love The other side of me that hides Behind an act of love

It's only an act of love Comin' back on me Takin' you away It's only an act of love

Comin' back on me Comin' back on me It's only an act of love Keepin' me wide awake at night

I know it's an act of love It's only an act of love
