

I Just Woke Up

John Wesley Harding

I just woke up
And I feel so good
And I'm looking straight ahead
My thoughts are wild
All I do is smile
And I'm jumping out of bed
I just woke up (just woke up)

I just woke up
And the sun is bright
And it's shining down on me
If you've got big ideas
I'm all ears
But all I plan to do is be
And I just woke up (just woke up)

From a bad dream.....

I just woke up (just woke up)
