

# Earth Maker

West, John

Around Father Sun, the world it must turn  
Come too close and the oceans will burn  
The creator of all mankind  
Looking down on pollution and crime

Will we fall on judgment day?  
Is it too late to change our ways?

Feel his stare, look in his eyes  
Are you only a taker?  
Search your heart, use a good mind  
All praise Earth Maker

The wind in the trees whispers your name  
Does your head and your heart think the same?  
The creator's calling to you  
Do you know what your powers do?

Will you run on judgment day?  
Is it too late to change our ways?

Feel his stare, look in his eyes  
Are you only a taker?  
Search your heart, use a good mind  
All praise...

He will watch over me, and I shall not fall

Feel his stare, look in his eyes  
Are you only a taker?  
Search your heart, use a good mind  
Earth Maker  
Feel his stare, look in his eyes  
Are you only a taker?  
Search your heart, use a good mind  
All praise Earth Maker
