

Either Way

West, John

Either way
Either way
Either way
Would do

Whether she calls me
Or answers the phone
Or leaves me here waiting
All on my own
It's lovely
Just thinking about you

And whether she sees me
Or passes me by
I got this good feeling
I'm not quite sure why
But it's lovely
Just thinking about you

Oh oh
Just thinking about you
Oh oh
Even if I'm without you

And whether she holds me
Or lets me fall down
Patience stand with me
I'm needing you now
And its lovely
Just thinking about you

And whether she answers
Or closes the door
I got this feeling
I don't need much more
And it's lovely
Just thinking about you

Oh oh
Just thinking about you
Oh oh
Even if I'm without you

Either way
Either way
Either way
Would do
