Loved You Tonight

West, John

You're far, far away from me girl
And I don't know much about you
But I like what I see

We don't have to judge each other, no no no
We could just be
We could just breathe
Wait and see
But in the meantime

Would you mind if I told you
I loved you tonight
Cause it seems when you close to me
It's gonna be alright

Would you mind if I told you
I loved you just for tonight
Cause it seems when you close to me
It's gonna be al-alright
It's gonna be alright

Now listen

We've been in love before haven't we, haven't we?
The past loves like past lives
So it seems to me

We don't have to judge each other, oh oh
Yeah we could go slow
Maybe see where this goes
You never know
But in the meantime say

Would you mind if I told you
I loved you tonight
Cause it seems when you close to me
It's gonna be alright

Would you mind if I told you
I loved you just for tonight
Cause it seems when you close to me
It's gonna be al-alright
It's gonna be alright, yea
It's gonna be alright, yea yea oh

I hope you know I don't know all the answers, yea
All I know is what I feel tonight
You're fallin' into my life
So, so would you mind if I told you
I loved you tonight

Would you mind if I told you
I loved you tonight
Because it seems when you close to me
It's gonna be alright

Would you mind if I told you

I loved you just for tonight
Cause it seems when you close to me
It's gonna be alright
Alright
It's gonna be alright
