

# Right Now

West, John

Right now (right now) drive down by the ocean side  
Feels good to be alive, feels good to be!  
Right now (right now) today ain't like no other one,  
This is the morning sun, think I'mma do it right now!

Raise your hands if you ever had your doubts,  
Trying to figure, what's it all about!  
Right now (right now) don't you know  
we've all been there before,  
Don't ignore it!

Got so many possibilities,  
close your eyes so you can see!  
And until we get there  
It's good to be here right now!  
It's good to see there's so many ways it all can go,  
I think it's all right if we don't know,  
And until we get there  
It's good to be here right now!  
It's good to be here right now!

Right now we're infinite, unprecedented,  
We turn water to wine like it's New Testament!  
Yeah! We're elevated, you know what I'm saying,  
We keep it simple so sophisticated!

Raise your hands if you ever had your doubts,  
Trying to figure, what's it all about!  
Right now (right now) don't you know  
we've all been there before,  
Don't ignore it!

Got so many possibilities,  
Close your eyes so you can see!  
And until we get there  
it's good to be here right now!  
It's good to see there's so many ways it all can go,  
I think it's all right if we don't know,  
And until we get there  
it's good to be here right now!  
It's good to be here right now!

if you know me,  
You try to go, I lost my way but I found it once again!  
I'mma keep on hustling, keep on hustlin!

Got so many possibilities,  
Close your eyes so you can see!  
And until we get there  
it's good to be here right now!  
It's good to see there's so many ways it all can go,  
I think it's all right if we don't know,  
And until we get there  
it's good to be here right now!  
It's good to be here right now!
