

## Be Careful What You Wish For

John Wetton

Finding forgiveness at the foot of your bed  
Down on your bended knees  
Listen to the voice replying inside you head  
"Just leave your message please"

Sometimes your life may seem it's turned upside down  
And the strangest things are happening  
But you just don't give a thought about it  
Can you fix it with a drug or a drink?  
And you're out of control  
So you just can't stand to talk about it

God knows  
Be careful what you wish for  
Be careful what you wish for

Can you get frightened as the thought of the truth?  
Or are you gonna win at last? (I don't think so)  
Sometimes you wish you hadn't sinned in your youth  
'Cos now you're living in the past

Honesty is not a word that springs into mind  
In the dead of night, when if just ain't right  
And you really could be losing it  
You pray, "Dear Lord, just take those ghosts from my  
sight!"  
But the line is dead, dial collect instead  
Operator keeps refusing it ...
