When You're Alone

John Williams

When you're all alone Far away from home There's a gift the angel sent When you're alone Everyday must end But the night's our friend Angels always send a star When you're alone At night when I'm alone I lie awake and wonder Which of them belongs to me Which one I wonder? And any star I choose Watches over me So I know I'm not alone When I'm here on my own Isn't that a wonder? When you're alone You're not alone Not really alone The stars are all my friends Till the night time ends So I know I'm not alone When I'm here on my own Isn't that a wonder? When you're alone You're not alone Not really alone
