

## Salisbury St

John Williamson

Now's not the time for wailin'  
While there's water in the river  
We'll all lay down and cry when it's gone  
I'll be a jackass and laugh at every sunrise  
Celebrate the day when it's born

And we'll cruise one more time down the river  
While our hearts overflow with joy  
And we'll reminisce our days down Salisbury Street  
Salisbury Street, Salisbury Street  
Yeah we'll cruise one more time down the Murray  
Don't wave the river gums goodbye  
Just thank 'em for the shade and the stories  
Tomorrow there'll be time to cry

So untie the ropes my darlin's  
There's broken cloud today  
And that lucky 'ole' will paint those billows blush  
Don't wanna miss the sundown shining on the water  
Chasing sneaky shadows through the bush
