

## Such A Night

Johnnie Ray

Such a night  
It was a night, ooo what a night it was  
It really was, such a night  
The moon was bright ooo how bright it was  
It really was, such a night  
The night was alive with stars above  
And when she kissed me I had to fall in love

It was a kiss mmmm what a kiss it was  
It really was, such a kiss  
How she could kiss ooo what a kiss it was  
It really was, such a kiss  
Just part of her lips that sets me on fire  
I reminisce and I feel desire

I'd give my heart to her in sweet surrender  
How well I remember , I'll always remember  
Ooo that night, ooo what a night it was  
It really was, such a night  
Came the dawn and my heart and my love and the night was gone  
But I'll never forget that kiss in the moonlight  
Ooo such a kiss, ooo such a night

Now she's gone, gone gone  
Yes she's gone, gone gone  
Came the dawn, dawn dawn  
And the night was gone  
And my heart was gone  
And her love was gone  
But before the dawn oo oo oo oo such a night
