

## Eager Beaver Baby

Johnny Burnette

I don't know how it started  
I don't know what I did  
But there's a gal who's chasin' me  
Who really flipped her lid  
I call her my eager beaver baby  
Ooh, eager beaver baby  
Well, what am I gonna do  
With that eager beaver baby of mine?

She's always there beside me  
No matter where I stop  
She follows me at the movies  
Even to the barber shop  
I call her my eager beaver baby  
Ooh, eager beaver baby  
Well, what am I gonna do  
With that eager beaver baby of mine?

She gets me in her parlor  
And switches off the light  
Before I know what's happened  
She's a-huggin' me so tight  
I call her my eager beaver baby  
Eager beaver baby  
Well what am I gonna do  
With that eager beaver baby of mine?

She loves to mess my hair up  
And loosen up my tie  
And when she starts a-kissin'  
I'm a real gone guy  
I call her my eager beaver baby  
Ooh, eager beaver baby  
Well, what am I gonna do  
With that eager beaver baby of mine?
