

Eager Beaver Baby

Johnny Burnette

I don't know how it started
I don't know what I did
But there's a gal who's chasin' me
Who really flipped her lid
I call her my eager beaver baby
Ooh, eager beaver baby
Well, what am I gonna do
With that eager beaver baby of mine?

She's always there beside me
No matter where I stop
She follows me at the movies
Even to the barber shop
I call her my eager heaver baby
Ooh, eager beaver baby
Well, what am I gonna do
With that eager beaver baby of mine?

She gets me in her parlor
And switches off the light
Before I know what's happened
She's a-huggin' me so tight
I call her my eager beaver baby
Eager beaver baby
Well what am I gonna do
With that eager beaver baby of mine?

She loves to mess my hair up
And loosen up my tie
And when she starts a-kissin'
I'm a real gone guy
I call her my eager beaver baby
Ooh, eager beaver baby
Well, what am I gonna do
With that eager beaver baby of mine?
