

Rock Therapy

Johnny Burnette

Well I don't need a doctor
I don't need a pill
Any other treatment, babe, will only make me ill
I need rock therapy
I need rock therapy
I need rock therapy
Oh give it to me, oh give it to me, oh give it to me

I don't need a doctor
I don't need a nurse
Anything you give me, babe, will only make me worse
I need rock therapy
I need rock therapy
I need rock therapy
Oh give it to me, oh give it to me, oh give it to me

Well I don't need vitamins
They don't stand a chance
Swingin' with my baby
Doin' a rock 'n' roll dance
I need rock therapy
I need rock therapy
I need rock therapy
Oh give it to me, oh give it to me, oh give it to me

Well, it's rock-rock-rock therapy
Rock-rock-rock therapy
Rock-rock-rock therapy
Rock-rock-rock-rock therapy
Rock-rock-rock therapy
Rock
