

You're Undecided

Johnny Burnette

You take a heart, you break a heart
You leave a heart that's true
You're undecided, what are you gonna do?
You're undecided, now baby it's up to you

This makin' up, this breakin' up
Has gotten to be your game
You're undecided, what are you gonna do?
You're undecided, now what are you gonna do?

The faith is dead, you've been misled
And don't know what to do
You're undecided, what are you gonna do
You're undecided, now what are you gonna do?
