

# Your Baby Blue Eyes

Johnny Burnette

Your baby blue eyes and your promises and lies  
Have got me in a mess  
Why don't you do me right and quit tryin' to fight  
Everytime you get distressed?

Your sugar daddies and your money man  
Well, I know they treatin' you right  
Why don't you do something, baby?  
Whether wrong or right, 'cause baby tonight's the night

They say that love is a wonderful game  
And it happens everyday  
Oh why, oh why did they pick on me  
And make things happen this way?

You got stars in one eye and lies in the other  
Now which am I gonna believe?  
You better do something, baby  
Whether wrong or right, 'cause baby tonight's the night

They say that love is a wonderful game  
And it happens everyday  
Oh why, oh why did they pick on me  
And make things happen this way?

You got stars in one eye and lies in the other  
Now which am I gonna believe?  
You better do something, baby  
Whether wrong or right, 'cause baby tonight's the night
