

# Easy Street

Johnny Cash

I'm feelin' a little restless James  
Warm up my limousine take me to the top of some ole mountain  
And let me out  
Aw I'll be alright it's just that things got tough on Easy Street tonight  
It's hard on Easy Street some time blue on Easy Street some days  
I thought our place in the sun was made in the shade  
But it ain't no bed of roses up on Easy Street these days  
Don't worry 'bout the gold my heart's not that cold  
I'm only takin' two things when I leave  
One life so I can live it  
One love so I can give it where I please  
It's hard on Easy Street some time blue on Easy Street some days  
I thought our place in the sun was made in the shade  
But it ain't no bed of roses up on Easy Street these days
