Girl From the Canyon

Johnny Cash

The girl from the canyon smiled a smile that brought me home As sick and bleeding as I was she took me on her own Brought me to the canyon where the sun poured down like rain Her smiling eyes and the mountain light I thought myself insane

These hills have seen me runnin' till my horse could hardly sta

Hidin' by day in the mountains movin' with the moon on the land I'm hopin' to find my freedom in a world that wants me dead The girl from the canyon took and healed my wounds instead

The girl from the canyon she don't need to know what I done She laughed with me in the moonlight till the mornin' brought t he sun

The girl from the canyon the girl from the canyon she was the o nly one

An outlaw is a hunted one with a price upon his head We're all outlaws in a way that is what she said And so I left the canyon when I was strong enough to ride The girl from the canyon she was riding by my side

The girl from the canyon she don't need to know what I done... She was the only one
